About the Founder

MR . S . M . ZAKI
Founder
1952 - 2021

Our Founder was a man who spent most of his life aiding others and working for the welfare of the impoverished and downtrodden. Zaki sir, a messiah for many, was born into a very normal family and raised with rigorous ideals about mankind. He alleviated the miseries of thousands of people. In fact, he was recognized by none other than Mother Teresa.

He acknowledged schools as the grassroots-level institution for the growth of children. Being a man passionate about social welfare, he was driven to provide education to all those who did not have the basic privileges life offered to the rest of us. Assembly of Angels Secondary School, which has over 1,500 students at present, started out as a mission by this noble man; a mission that strived to create excellent standards of innovation and leadership in the field of Education. All with the firm spirit that nothing less than the best will do for us, be it the infrastructure, the curriculum, the faculties, the performance of our students in every field, and as they set their position in society as young, dynamic adults. That is what led him to embrace the School with our motto – “AIMING FOR THE BEST”. Every day when we enter the school, let us all reaffirm our Founder Sir's principles. Let us all pay our respects to the amazing man that he was, and strive to be even a fraction of what he was in order to make the world a better place to live.
