MESSAGE FROM FOUNDER CHAIRPERSON

—MRS. SAIRA ZAKI—

It is with great pride and enthusiasm that I welcome you to AOASS Model United Nations 2026.

When we first envisioned AOASS MUN, our goal was simple yet profound: to create a platform where young minds could transcend classroom learning, engage with global issues and realize the immense power of diplomacy. Today, seeing how this conference has grown into a beacon of critical thinking, leadership and collaboration fills me with immense hope for the future.

We live in a rapidly evolving world, marked by unprecedented technological advancements, environmental challenges and complex geopolitical shifts. The decisions made today will shape the world of tomorrow. Our delegates of MUN 2026 are not merely playing a role or simulating debate, they are stepping into the shoes of global leaders, honing the very skills required to navigate these real-world complexities.

Through this event, we encourage our children for the following:-

- Embrace Empathy: Strive to understand perspectives different from their own, even when others challenge their beliefs.*
- Seek Consensus: Remember that true diplomacy is not about winning an argument, but about finding common ground for the greater good.*
- Speak Boldly: Courageous ideas and passionate voices are the catalysts for meaningful change.*

I extend my heartfelt gratitude to the delegates, the organizing committee, and our faculty members whose tireless efforts have brought this vision to life, bringing energy, brilliance and passion to our campus.

May your debates be rigorous, your resolutions impactful, and your experience truly transformative. Wish you all an empowering and memorable MUN 2026!

*Regards,
Mrs. Saira Zaki

MESSAGE FROM OUR MUN-COORDINATORS

It gives us immense pleasure to present the Second Edition of the Assembly of Angels Secondary School Model United Nations (AOASS MUN) in Barrackpore.

With this year's theme, "Militarization of the Indo-Pacific: Evaluating Foreign Military Assistance and Strategic Naval Bases in Maintaining Global Security," we aim to encourage students to critically engage with one of the most significant geopolitical developments of our time. The Indo-Pacific region today stands at the crossroads of cooperation and conflict, making it an essential subject for dialogue, diplomacy, and informed debate.

Model United Nations is not merely an academic simulation; it is a transformative platform where students evolve into thinkers, negotiators, and global citizens. Through rigorous research, structured deliberations, and collaborative problem-solving, participants gain a deeper understanding of international relations and the complexities that shape our world.

As coordinators, we believe that such experiences empower young minds to develop confidence, articulate their perspectives, and respect diverse viewpoints. AOASSMUN 2026 is not just about resolutions and awards, but about nurturing leadership, responsibility, and awareness among students.
